A Biblical Approach To Discipline - Part 7

PRACTICAL ISSUES IN CLASSROOM MANAGEMENT

There are two aspects of successful classroom teaching:

a. Well prepared instruction.
b. Proper Correction.

A. WELL PREPARED INSTRUCTION

It goes without saying that a well prepared teacher will have better discipline than one who is unprepared. This relates to a number of factors. Firstly the teacher is confident and assured because he knows his subject matter. Secondly because he has worked at the lesson he brings with him an expectation that all will go well. The teacher who respects himself and his calling will not accept disrespect of rudeness from his students. Thirdly the teacher needs to have a clear idea of what he wants to happen in the classroom. When a teacher is not clear about the behaviour he wants the classroom is noisy and unproductive. When questioned about the noise the teacher is likely to explain that it is busy noise; in reality it is probably unplanned noise. As such it is wrong. A class should be noisy only if the teacher has planned it that way!

Planning involves more than just thinking about what will be said. Careful planning involves the following:

1. **Individualising** — Each student are different and teachers need to plan each individual’s needs for help. Student also work at different levels and speeds & have vastly different interests and some account for these differences needs to be made. Students need to learn to work independently and accept responsibility for their actions. The teacher needs to be neither completely authoritative nor permissive.

2. **Group Work** — A successful class will develop a sense of co-operation. As the teacher has a genuine desire to communicate to his students, to understand them he will develop a real community of love. This may well be assisted by planned group work. However for the young teacher this needs to be undertaken slowly to give time to develop rules for group work so that this is not a source of diversion & noise.

3. Make sure that the class understands the structures that provide the basis of the class work. — Have a few well established procedures & get the students used to these. You need to avoid a legalistic approach to your rules. They are not like the ‘Laws of the Medes & the Persians’. On the other hand you should avoid a ‘Laissez faire’ attitude to class rules.

B. PROPER CORRECTION

Proper correction aims to help the students grow as a person.

**THE STUDENTS**
- are expected to honour the Teacher.
- are expected to Obey the teacher.

**THE TEACHER**
- Does not provoke the students i.e. Treats them fairly, justly—appropriately and with flexibility (grace).
- Loves the students
- aims to bring them up to maturity in the Lord.
Our Fabulous Assembly
By: Jedidah Ayambo
On the 20th of August 2015, the Year 4 class performed in front of the whole school. There were four continents and they were Europe, Asia, South America & Africa. First the European people came on it was amazing & then the Asian people came out they did an amazing job. After that we all sang ‘I am Australian’ and it was amazing. Finally we walk off stage and I felt happy. My favourite part was when we were singing.

Continents Looking For Australia
By: Eh Moo
On Thursday the 20th of August, the Year 4’s performed for their assembly. The school went to the Girrawheen Baptist Church to see our awesome assembly. First the European music started and were looking for Australia with a map. Then Abigail found Australia, they were all happy and celebrated. Next Asia found Australia and went to work. Africa and South America were both dancing towards Australia. After that we all sang ‘I am Australian’ and it was amazing. Finally we walk off stage and I felt happy. My favourite part was when we were singing.

The Amazing Year 4 Assembly
By: Bul Duot
On Thursday the 20th of August the Year 4 class did their assembly in the church because we are learning about our first contact to Australia. First the people who represented Europe and Asia wanted to find Australia, then the people who represented South America and Africa found Australia. The Africans and South Americans found Australia by dancing then they all went to their jobs. There were cooks, bakers, tailors and carpenters. At backstage, there were customers and a police officer. I was really happy that everyone came and did their jobs and knew their lines. My favourite part was the South Americans because they had a moustache, a rose and a sombrero that made everyone laugh.

On Thursday morning we had our performance in the school church. Our assembly was Miss V’s favourite assembly and we did our performance at 9 o’clock. There were four cultures which were Asia, South America, Africa and Europe. There were four jobs. There were Tailors, Carpenters, Chefs and Bakers. We did some acting then talking. I was a carpenter and the culture was Africa, I had to put baby powder on my face. My favourite part was the African drumbeat—it was pretty funny when it happened. We sang beautifully and clearly. Miss V was very proud.

On the 20th of August 2015, we performed our assembly to Emmanuel in the church. It was about multiculturalism and how we need to work together to make this community work well. First Europe came up and started to look for Australia it so they got to their jobs and started working. Asia did the same. Then South America and Africa did their cultural dances with some cool music. After that a disaster occurred! People started to resign from their jobs because they got tired of it and wanted to do something else. Customers couldn’t buy or get anything fixed. Finally people realised that they need to be there to make our country work and work well. My favourite part was when the assembly finished and we all got lamingtons & biscuits.

On Thursday the 20th of August 2015, the Year 4 students performed their assembly. We did our play in the school church. There were four continents represented. Asia, Europe, South America and Africa. The four occupations represented were bakers, tailors, carpenters and cooks. A problem occurred when the bakers and tailors didn’t want to work so the customers couldn’t get bread or clothes repaired. The town policeman was very unhappy then soon after the bakers & tailors started working again because they realised the town needed them. To conclude our play we sang a song called ‘I am Australian’. My favourite part was when the people representing Africa danced on their chairs because it was really funny.
Father's Day in Australia

In Australia, Father’s Day is celebrated with much enthusiasm and joy. What is noticeable about Father’s Day in Australia is its unique time of celebration. Unlike in other countries where Father’s Day is celebrated on the Third Sunday of June, Father’s Day in Australia is celebrated on the first Sunday of September. Hence, the date of Father’s Day is never fixed. Father’s Day celebration in Australia takes place in the same way as in several other countries around the world. Taking opportunity of the occasion, people express gratitude for father and thank them for all their care and support. Most often children gift flowers, neckties, chocolates or other gift to honour their dearest dad. At Emmanuel Christian School, we celebrated the day with a WALK TO SCHOOL BREAKFAST at 7:30 am on Friday, 4th September. Fathers and mothers were all invited to join the students and staff for a nice breakfast. IT WAS A GREAT DAY FOR ALL!!! We thank Mrs Bradley who organised the yummy breakfast and for her son Kai who took care of the sausages in the barbie! The smell was awesome!!!! We thank all the helpers on the day too for making this special day a great success!
On Friday, 28th August 2015, some of the year 7 students together with Miss Lahti, Mr Andrew Johnson & Mr Pedro Cruz attended the 2015 Annual Governor’s Prayer Breakfast at Crown Perth in Burswood. The breakfast is an occasion where Western Australia’s leaders and the community meet for fellowship, to display unity across the denominations, and to express the needs and aspirations of our community.

The event is unique in Western Australia, stemming from a common desire to see a forum established to pray for our State and nation, to have our own leaders from all walks of life offer their prayers and be seen to do so. The growth and success of the event is in good measure attributable to the excellent addresses delivered by the various State Governors and the guest speakers. One of the aspects of the Breakfast that has always drawn favourable comment is the wording and delivery of the prayers that are offered. The wording is both relevant to the issues of the day and is biblically based. The prayers are offered by people of good standing from the community sectors they pray for. Those offering prayers usually include the Chief Justice or a senior Judge, the Premier, senior State Members of Parliament, the Police Commissioner or his nominee and prominent business and community leaders.

HIGH SCHOOL – NEW STAFF FOR 2016

We are delighted to announce that the Mr. Stuart Hayward has been called to the school ministry starting next year. Mr. Hayward has been involved with Christian schools for the last 12 year as a teacher in the areas of Science, Maths, Physical Education, Health, Christian Living and Outdoor Education. Currently he is working on a Masters in Education at Edith Cowan University. We are excited with the development of our High School and continue to look for God’s blessings and guidance in this area.
Show bags get thumbs up from experts and children ahead of Perth Royal Show

The almost 300 show bags set to go on sale at this year’s Perth Royal Show have passed safety checks and been given the seal of approval by a group of enthusiastic school children.

A new free dinosaur display and an interactive dirt exhibit, to celebrate the year of the soil, will feature at this year’s Royal Show, alongside the traditional sideshow alley, sheep and cattle displays and wood chopping.

Organisers of the Royal Show, which starts on September 26, hope to draw 400,000 people through the gates, and are confident the AFL finals will not cut too much into numbers.

Consumer Protection officers inspected all 286 show bags for choking and strangling hazards, such as loose or small batteries and sharp edges on the toys.

Commerce Minister Michael Mischin said there was nothing dangerous in the bags. "This year the bill of health has been a clean one," Mr Mischin said. "There have been no such hazards found. "There were five show bags with cosmetic products of one form or another, which didn't have adequate listing of ingredients for those products. But that's been rectified by the suppliers." A large group of school children from around the state were let loose on tables covered in free show bags to give them a final quality test from real consumers.

Nine-year-old Duot Bul and Ajak Deng, 10, from Emmanuel Christian Community School in Girrawheen, were among the lucky children. Duot picked up a Socceroos bag. "It's awesome. I like the accessories in there. There's a ball, a pumper, a hat, a bag and a scarf," he said.

Royal Agricultural Society of WA president Rob Wilson said there would be a strong focus this year on educating city children about how food is made. "We have a number of interactive exhibits on farm-to-food, farm technology and a new one about dirt, because this year is the international year of the soil," Dr Wilson said.
PARENTS NIGHT
DATE: MONDAY, 14TH SEPTEMBER

The Woolworths Earn & Learn program has now ended for this year!

It's time to collect and return your Woolworths Earn & Learn Sticker Sheets!

As you know, our school has been participating in the Woolworths Earn & Learn program. The program has now finished for this year, so a big thanks to everyone who supported our school. We're now at the important stage of the program where the Sticker Sheets are collected and lodged as our Earn & Learn claim. We will then be able to get new educational equipment for our school. The more we collect, the more we can redeem.

So this week, please send in your Woolworths Earn & Learn Sticker Sheets and any loose Earn & Learn stickers you may have. Remember to check your handbag, the car glove box or they maybe stuck on the fridge. Every little bit helps. Thanks again for all your support!

CONGRATULATIONS TO MR & MRS KABALA on the arrival of their new baby boy ELIJAH KABALA who was born on Tuesday, 1st of September weighing around 4 Kilos!
