# OPENING Ceremony

On Tuesday 4th April we celebrated the opening of the Early Learning Centre "Koorlangka Waarbiny" at our Casserley Avenue campus. The short ceremony included a traditional welcome to country speech from Mrs Ollie Rundle, a dance, performed by Kaylee Winchester, accompanied on didgeridoo by her grandfather Mr Michael Rundle.

Mr Eric Farmer (Former School Board Chair) read Psalm 8, followed by a prayer by Rev Rex Gabrielson. The audience were presented with an item by the Senior Choir, followed by an address from Senator Dean Smith and Mr Tony Stopher.

Kindergarten, Pre-Primary, Year 1 and Year 2 Students presented a moving performance of "I am Australian" followed by the unveiling of the plaque and cutting of the ribbon.

Guests were then invited to tour the new facility, guided by the young students. Morning tea and coffee were provided by the EPG.

Thank you to everyone who came to celebrate this special event in the life of our School.

## Year 6 Masquerade

Following the huge success of 2016's Masquerade Easter Lunch, the 2017 experience was just as amazing, colourful and full of surprises, perhaps more. The guests were welcomed to a lavish 5 course lunch as nobility would be served. This was thanks to head chef, Tien Sutanto, who took time away from her Balga Heights restaurant to cook for the Year 6's.

The Masquerade experience took place in a beautifully decorated venue. As the guests entered there was an air of mystery and surprise, something the Year 6's had never experienced at McDonald's, HJ's or even Sizzler. This 5-star event was something else.

Who best to greet every guest, than the exquisite Mrs G who warmly welcomed everyone to her establishment, which she humbly suggested was 'a feast for the eyes' and not just for 'any riff-raff from the streets'.

Entering through the glamorous double doors of Masquerade, the year 6 attendees were escorted to their tables by carefully selected and trained waitresses to enjoy the candlelit Easter setting and a sumptuous lunch. After the etiquette rules and eating guidelines/laws were outlined, it was then time to eat. Special awards were bestowed for the Best Dressed, for Social Etiquette and for Conversation. Image was everything!

Many photos were taken, allowing children to pull out their best poses. Madame Gabrielson was more than happy with the dress code, manners, food quality and general decorum but then proceedings ... .. took a turn for the wild!

The guest speaker, Dr Dougalian Stevanovich cranked up some loud beats, got the diners to remove their masks and it pretty much turned into a 'free-for-all' dance-fest! This expert in Charade addiction then went on to explain that masks are for those who are hiding, which is not in the spirit of Easter. He encouraged the guests to remove 'their masks' so they could be free from sin and free to be who God made them to be through his son, Jesus.

By the time everyone left Masquerade, they were full of food, full of compliments, full of information about the delicacies they'd just consumed and full of ideas about masks. ***They can hide what's beneath but they cannot change what's beneath.***

## Medieval Display

Year 8 have been learning about the Medieval age in Europe. We learnt about their lifestyle including what they ate, where they lived and how they worked.

We had a choice to either build a medieval model or research and create a powerpoint for our assignment. Most students chose to build a medieval model.

Last Wednesday, we had students from other classes and family come to the HASS room to see our models. They asked questions and learnt about our models.

We really enjoyed this topic and building the models, this really helped us learn about the medieval ages but in a fun way.

Author of 'Tough Love: Tackling Drug  
Addiction and Seeing Change'

In our community and nation we have an epidemic on our hands. There's a unique drug on the streets now that's destroying families at a rate like no other drug has ever done before.

Meth (Ice) not only binds a person up in addiction - it changes them. The way they speak, the way they act and the way they treat those around them.

Peter Lyndon-James helps people break free from life controlling issues, such as meth and other drugs use, bringing them to the point where they want to change and make the decision to turn their life around so badly, that they will finally stop taking drugs.
