Principal's Message

Characteristics of a Christian Leader by Pedro Cruz

INTRODUCTION (Continued):

For Board members, teachers, families, students and for all who meet each other in this place called Emmanuel Christian Community School, there is this challenge: seeking to remain faithful to Christ, in the curriculum, and in the integration of faith and learning, but also within the school community as an institution. While acting in support of our mission, while capturing every thought for Christ, we need to be mindful in our role as member of one body, reminding each other that our School community should enrich how we see each other and how we treat each other, and not reduce these things. We must, in the middle of striving for excellence, remind ourselves that because we are the Body of Christ, we must show compassion, justice, mercy and humility to all, especially those whose struggle is great.

We must remind ourselves to show compassion, justice, mercy and humility to all...

Jesus is a very inconvenient God. We must react and respond to every situation with the significance of the cross in our minds and hearts for after all we have been called to serve Him. To allow us to pursue this pattern of life of Christian care, and we must insist on providing an alternative to the view that would reduce us to the mere positions assigned to us by a non-Christian world view. Acknowledging our dualist situations and recognizing that even in our school community life we must remain in the world, though not of it, is, finally, how we make our way through our daily challenge to walk with each other.

We are the instruments that the Father has to show the invisible God

We are so blessed that Emmanuel teachers love their students and pray that emotions might be healed, hearts made soft to the Lord, and wills might be subject to His will. Please, continue to pray for your school that we never depart from His way.

We are the instruments that the Father has to show the invisible God and make Him visible. We can make God visible to others and what a wonderful privilege it is!

As the Church and the School Board seeks new leaders, what are the essential characteristics of a leader in Emmanuel Christian Community School? This paper is based on an assumption. That assumption is that the Christian school leader is the Principal. The

school leader is not the School Board. This assumption will be troubling to some Board's members.

CLASSROOM NEWS

Jeannette Giroud—High School Art teacher with Year 8 students Rohan Schinkel & Victoria Pavkovic

"I have enjoyed working with Emmanuel Christian School students to further develop their art skills. We have very many talented students within our community and it was a very hard choice when Year 8s were given the task of voting for the best work of their peers.

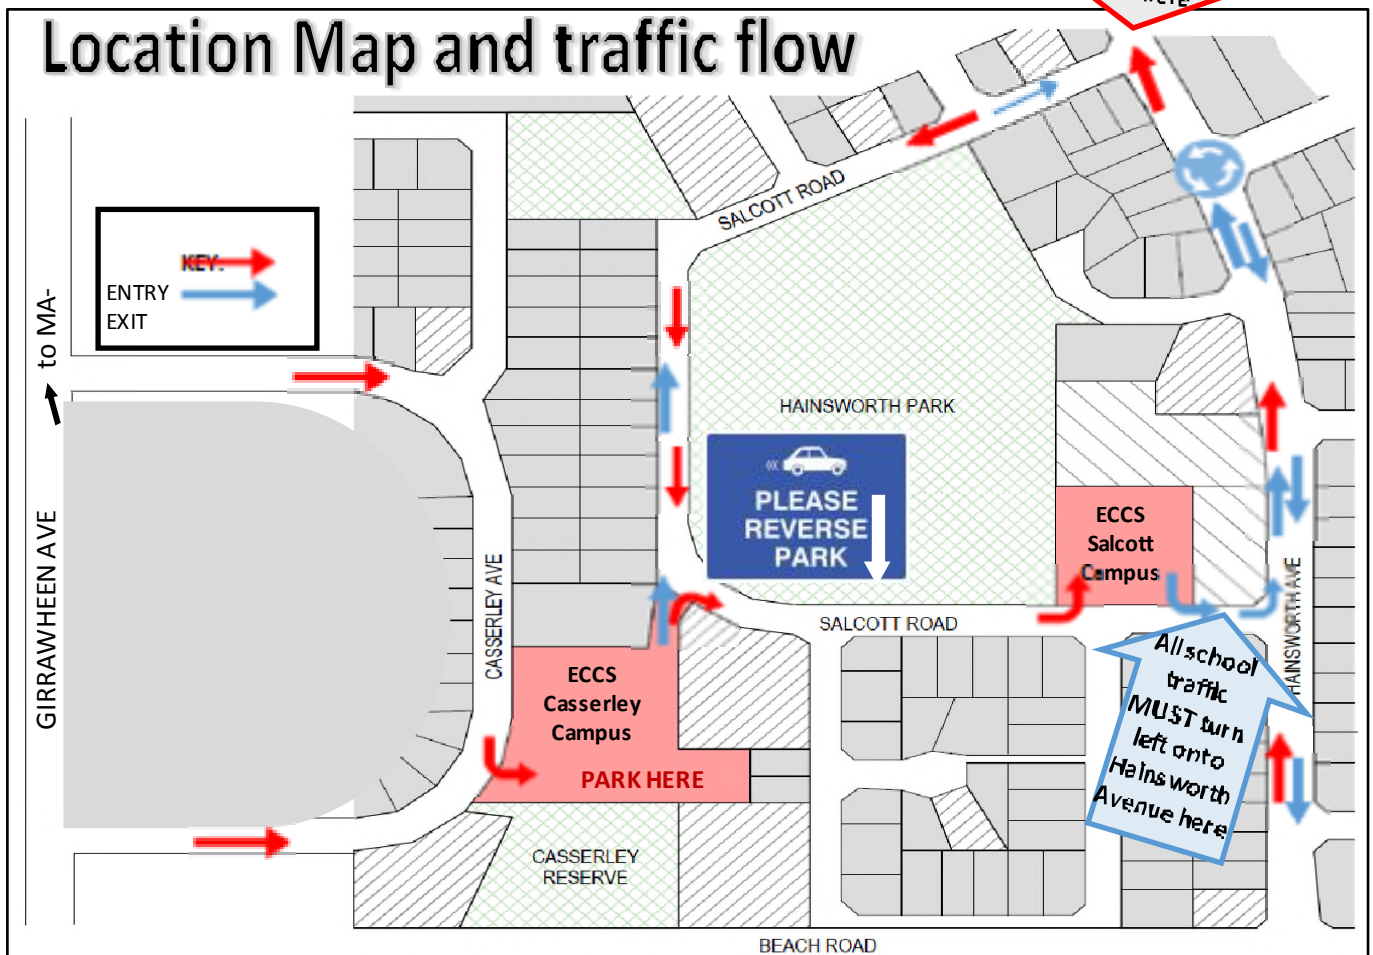

The 9"x5" study (reminiscent of the Australian Heidelberg School) was awarded to Rohan Schinkel for his beautiful small study of a sunset. The best landscape on board was awarded to Victoria Pavkovich for her very competent painting of an impressionist landscape.

The prize awarded to both students was to have their paintings framed and this was done by Metropolitan Framing in Ellenbrook who have been very generous in their support of ECCS; often supplying art boards free and giving us a sizeable discount on framing."

The works are currently on display in the school library.

THANK YOU to all parents who are observing school traffic and parking rules, using footpaths and holding their children's hand as they cross the road. ALL the classes from Kindy to Year 2 have had ROAD SAFETY and RULES lessons with their teachers.

THANK YOU FOR YOUR SUPPORT IN KEEPING OUR STUDENTS SAFE!

YEAR 1 ASSEMBLY

The Cow Tripped Over The Moon

Today we walked over to the church for our assembly. We read The Cow Tripped over the Moon. We had fun. First we walked to the church and the stage. The actors got ready. Next we performed our assembly. We read the cow tripped over the moon. After that we sang a song. It is called We are Australian.

CLASSROOM NEWS

Year 7

Congratulations to the wonderful year 7 Design & Technology class in making their beautiful handmade pillowslips. They collected them on Friday with a celebratory chocolate for all their hard work!

Seeing how far they have come in learning how to sew was a shock to many of them as they admired each other's work. From vibrant patterns, bold colours and snappy trim to pastel hues with matched borders, they were able to plan, design and create something they can use which gives pleasure as they snuggle to sleep each night.

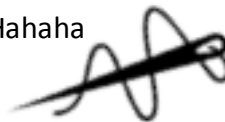

Parents, please be advised they can now do the mending too:

- sewing on buttons
- sewing that pesky hem that has come down
- fixing hooks and eyes which have come apart

There were some surprises too with Taban taking to sewing on a machine as a total expert from his first stitch! Another student was overheard saying "who knew sewing could be so relaxing?" Also, more than one student was convinced that there was no hole in their needle as they tried to thread it! Hahaha
