

Dear Parents / Guardians

This term staff have noticed that some students have come to school dressed in black canvas style shoes.

Pictures of similar styled shoes are displayed below for your reference. These shoes are not formal school shoes and are not acceptable at Emmanuel Christian Community School. The key differences are that they have a flat sole underneath, they have laces extending further down the shoe than a formal shoe and they may not be polishable.

If your child has a pair of these shoes, then you will need to arrange to have them replaced with proper formal school shoes ready for the start of Term 2.

### Examples of unacceptable shoes

### Example of a formal school shoe that is acceptable

Please contact the school should you have any questions or concerns about this school requirement.

Thank you for your understanding.
